consciência ambiental

Do jeito da sua casa

A casa é o nosso melhor local para viver e sonhar. Nela a gente se une, se reúne e se fortalece. O interior de uma casa é o nosso mundo que acolhe. Os móveis da casa preenchem espaços, criam memórias, afetos e bem-estar. Eles têm sua história, seu lugar. Algumas casas têm lá suas parcelas de esperança e realização, sem economizar nas alegrias. Tem jeito de casa, tem a cara de quem vive lá. Todo lar tem sua forma de acolher e abraçar. A casa de alguém é o seu refúgio e abrigo, sua melhor versão de ser e estar.
